### Hotel Melenos

Most hotels on the island are large and modern, so the opening of the first boutique hotel in

Rhodes is most welcome. Situated in the foothills of the Acropolis, the Melenos (pictured bottom) took 13 years to build. Owner Michalis Melenos spared no expense and has a great eye for detail, being a devotee of art and folklore.

Traditional embroidery, fabrics and carpets, antique furniture, pottery, tiles and copperware give the Melenos Lindos a unique atmosphere. A gourmet restaurant, massage rooms, internet access and a roof garden ensure it's relaxing as well as stylish, with prices from about 180 euros per night per suite. ☎ +30 2244032222
